

Start Here: How to Get the Most Out of This Newsletter

A guide to navigating 521 articles on healthcare markets, health tech investment, digital health policy, and medical AI.

APR 23, 2026

Share

Welcome to Healthcare Markets & Technology

This newsletter covers the business, policy, and technology forces reshaping the U.S. healthcare system — written for investors, operators, and entrepreneurs who need to stay ahead of the curve.

We publish 5–7 times per week across eight topic areas. With 521 articles in the archive, here is how to find exactly what you are looking for.

The Knowledge Base — Your Best Starting Point

The fastest way to explore the full archive is the **Healthcare Markets & Technology Knowledge Base**:

→ kb.onhealthcare.tech

The Knowledge Base lets you:

- **Search** across all 521 article titles, summaries, and topic tags
- **Filter by section** — Prior Auth & Interoperability, Medicare & Payer Strategy, Clinical AI & Patient Care, AI Strategy, Health Tech Infrastructure, Health Tech Investing, Digital Health & Startups, Health Policy & Regulation
- **Sort by Most Viewed** — find the articles readers return to most
- **Filter by access level** — browse free articles or subscriber-only deep dives
- **Explore topic tags** — 40+ tags including Medicare Advantage, prior authorization, digital health, AI diagnostics, value-based care, and more

What We Cover

The newsletter is organized into eight sections. Here is a quick guide to each:

Prior Auth & Interoperability — CMS rules, data exchange, and the regulatory battle over prior auth

Medicare & Payer Strategy — Medicare Advantage, REACH, CMMI innovation, and commercial payers

Clinical AI & Patient Care — AI diagnostics, clinical documentation, and the deployment of AI at the point of care

AI Strategy, Market & Investment — The business case for AI, M&A, competitive dynamics, and enterprise adoption

Health Tech Infrastructure & Ops — EHR systems, cloud infrastructure, and the operational backbone of healthcare

Health Tech Investing & Venture Capital — Market trends, investor theses, and the startup ecosystem. 3 articles.

Digital Health & Startups — Consumer health apps, emerging startup categories. 23 articles.

Health Policy & Regulation — FDA, CMS, Congress, and the regulatory environment shaping healthcare markets. 21 articles.

Discover more from Healthcare Market & Technology

Expert analysis of healthcare markets, health tech investment, digital health policy, and medical AI for investors, entrepreneurs, hospital and insurance executives

Free vs. Subscriber Content

Approximately half the archive is free. Subscriber-only articles are the longer, more data-intensive deep dives — market analyses, investment frameworks, and regulatory breakdowns that take 30–60 minutes to read. Free articles cover the same topics at a higher level.

You can filter by access level in the Knowledge Base to see exactly what is available to you.
